Our WISH LIST for snack and paper products is long this month. We need juices, tissues for lots of runny noses, paper towels for lots of dirty, wet hands, copier paper, and assorted snack items. THANKS FOR HELPING US keep our tuition prices reasonable.

This week our theme is ANIMALS.

MONDAY the class will begin with a letter paper. Our number this week is "2" and our story is Jack and Jill. Everyone will cut buckets and

glue the correct number to each well. This involves cutting, counting, and gluing. Our letters continue with the letter "R". Everyone will make a WHALE with their finger paints.

**TUESDAY** the Bears will begin by finding the SAME items in each row. They are finding the SAME items very quickly now. Our number is "2" to trace and write. They also count 2 M&M's. Everyone will continue our Season unit with a Fall paper. We will fingerpaint WHALES.

**WEDNESDAY** the children will begin with a SAME sound paper. The letter is "S". We will cut and glue a Bear Puzzle. Our SCIENCE UNIT will involve freezing and thawing water. They love messy projects!

**THURSDAY** the students will begin with the SAME things to find. The number "2" will be reviewed. We will learn more about FALL season. Everyone will make a RACCOON and share their newspapers.

**FRIDAY** we will begin by finding the items that begin with the "T" sound. Everyone will make a clown puzzle. Our letter is "T". We will make a raccoon and share our newspapers.
